DIARY NOTES

DD/S

13 April 1960

1. [REDACTED] buzzed to say that the Director had noted the General Counsel's memorandum which pointed out the obstacles in connection with the construction of a residence at Langley. However, he said that the Director has not given up this idea and wants further amplification of the General Counsel's statement to the effect that the State and County had to pay for a part of the Parkway. [REDACTED] drafted a rather comprehensive memorandum on this subject and I forwarded it to the Director on Monday, 18 April.)

2. I arranged for Lyman Kirkpatrick to go to Boston on Tuesday, 19 April, to brief [REDACTED] on the management problems confronting the Agency.

3. [REDACTED] advised me that the White House was doing some experimenting with closed-circuit television and planned to install a set in the Director's office. He also said that the Director had been briefed, was intrigued by the idea and that, therefore, it would probably go forward.

4. [REDACTED] advised me that if the Teletape Project is expanded, we will require more Communications personnel at headquarters.

5. Lyman Kirkpatrick telephoned me to say that he had read Gordon Stewart's paper on "Career Service" and thought that it was a very good one.

6. I met with Messrs. Samuelson and Abbadessa of the General Accounting Office to discuss their activities in the Agency. Despite the many times that Mr. Samuelson has been told that he cannot audit the Clandestine Services activities, he persists in trying to do so. I think that we made some progress with him, however, during this session. [REDACTED] has written a separate memorandum for the record of this meeting.)

7. I talked with [REDACTED] on the telephone about Chick [REDACTED] contract. Apparently, Chick is trying to hold out for a 10% premium pay clause which is included in a Regulation now being circulated for publication. I told them that I had signed off, as had the Director, on the memorandum recommending that his salary be fixed at \$14,500 and I thought that there would be no question that Chick would accept this if they remained firm.

8. Lyman Kirkpatrick suggested that we consider Gordon Stewart for some kind of an award when he is transferred from the Office of Personnel. (This I intend to do.)

9. [REDACTED] reported that [REDACTED] the disgruntled radio announcer [REDACTED] had made allegations of misuse of Government property to a Congressman. The investigation of this matter continues; however, I asked him to get rid of the employee who is involved in the operation of this radio station if there is any possible way to do it and I do not, in fact, see any reason why he cannot be selected out if he does not choose to resign.
